

22nd INTERNATIONAL CONFERENCE HEALTH RELATED WATER MICROBIOLOGY CONFERENCE

15 - 20 June 2025

Flint Theatre, Amersfoort - The Netherlands

INVITATION

You're invited to join us for WaterMicro25 – the 22nd International Symposium on Health Related Water Microbiology from Sunday 15 June to Friday 20 June 2025.

This year, WaterMicro will be exploring the theme:
Safe water in a changing world

Panta rhei: everything flows. Our world, climate and environment is changing. Water is at the center of this global change, and providing safe water and sanitation to the citizens of the world is more challenging than ever before. The symposium program will cover all aspects of health related water microbiology in the whole water cycle in our changing world. It will cover basic and applied research, and how to turn this knowledge into impact.

We are anticipating up to 500 delegates to congregate in Amersfoort, The Netherlands, to share expertise and make connection

Sponsorship benefits

WaterMicro25 provides excellent sponsorship opportunities. Being a sponsor is an outstanding way to promote your name, support your brand, and maintain a high profile among specialists and decision-makers before, during and after the event.

Sponsorship supports the technical program by ensuring outstanding keynote and plenary speakers. A full program of oral and poster presentations, workshops, and tours will attract a large number of national and international delegates, giving you a global reach.

WaterMicro25 provides an environment dedicated to the exchange of leading-edge scientific research, comprehensive training, and industry best practice. We encourage you to take advantage of this unique opportunity to expose your organization to a large national and international audience and be a part of WaterMicro's success.

WATERMICRO25 CAN HELP YOU TO:

- Enhance your brand and increase awareness of your organization
- Demonstrate your involvement in health related water microbiology
- Network with and generate leads from key target markets
- Attract new, and develop relationships with existing customers
- Promote your brand, products, services and expertise.

WaterMicro25 is a unique opportunity to interact with key players in the water industry while allowing you to:

- Market your product or service at a major international water symposium.
- Reach an expected target audience of more than 500 delegates from Europe and overseas, including leading practitioners, managers, researchers and regulators spanning both public and private sectors.
- Attend a conference renowned for its success in bringing together industry, government and academia to foster practical solutions to health-related water issues.
- Listen to plenary and keynote speakers who are leaders in current and emerging areas.
- Expose Dutch and European businesses to international markets and vice versa.
- Demonstrate your commitment to protecting health and improving the environment.

DELEGATE PROFILE

WaterMicro25 provides direct access to Dutch and international representatives in government, industry and research, including specialists in:

- environmental and clinical microbiology;
- infectious diseases epidemiology and risk assessment methodology;
- and water and sanitation engineering and environmental health practice.
